# DR.C.TUNA

## EXPLORE OUR COLLECTIONS

Leading the innovation race, Dr. C. Tuna skincare unveils high-tech solutions in regimens tailored for all concerns and lifestyles. Nature and science unite to create clinically proven products for stunning, industry-leading results. Beauty's essence? Skin that's Beautifully Alive. Elevate with Dr. C. Tuna skincare.

*A life dedicated to  
health and success*

Dr. Cevdet Tuna, one of Turkey's first doctors, started FARMASI over 70 years ago. He established one of the first pharmaceutical factories in Turkey, Tege Pharmaceutical Factory. Dr. Tuna formulated some of the first Turkish medicinal products including cough syrup; painkillers; burn ointment; and cough lozenges. In 1950, when Dr. Cevdet Tuna entered the beauty and health sector, he founded the brand we love today. Since then, FARMASI has established itself as an innovative, reliable, sustainable, and leading brand that best understands the needs of both its customers and Beauty Influencers. Our approach has always been synonymous with quality control, from raw material to finished product, we approach every product with rigorous scientific processes. Today, FARMASI is committed to perpetuating the values of its founder: nature, authenticity, quality, trust, and family.

1923 - ∞

# Age Reversist Series

---

Stimulate collagen synthesis to nourish the skin and help protect the moisture barrier. Increase cell turnover allowing the rebuilding of the collagen structure.

*Clinically proven results*

A close-up, high-resolution photograph of a woman's face, focusing on her skin texture and features. She has dark hair pulled back, dark eyes, and a slight smile. Her skin is a warm, medium-brown tone with visible pores and a few small dark spots (freckles or blemishes). The lighting is soft and directional, highlighting the contours of her face. A vertical white line is positioned to the left of the text.

All skin types
